PROFESSIONAL SUMMARY

Fresh Information Technology graduate eager to learn, grow, and contribute in a professional environment. A responsible and adaptable individual with a willingness to develop new skills, work collaboratively, and continuously improve through hands-on experience.

EDUCATION

Bachelor of Science in Information Technology – Completed from 2022 to 2026.

Camarines Sur Polytechnic Colleges

Relevant Coursework:

- Web Development
- Networking
- Mobile Development
- Database Management Systems

PROJECT EXPERIENCE

Smart Maternal Care Management System (Capstone Project)

Technologies: Laravel, PHP, MySQL, Bootstrap, JavaScript, HTML, CSS

- Developed a web-based maternal healthcare management system as a capstone project.
- Implemented patient registration, appointment scheduling, inventory, billing, and patient record management modules.
- Designed a responsive interface with role-based access for administrators and staff.
- Integrated PDF generation and email notification features.

Personal Portfolio Website

Technologies: Laravel, HTML, CSS, Bootstrap, JavaScript

- Developed a responsive portfolio website to showcase academic and personal projects.
- Designed a clean and user-friendly interface for easy navigation.
- Included project, skills, and contact sections.
- Deployed the website for public access.

Cashier Transaction Management System

Technologies: Laravel, PHP, MySQL, Bootstrap, JavaScript

- Contributed to the development of a web-based cashier transaction management system during OJT.
- Implemented product management, sales recording, and transaction processing features.
- Built CRUD functionality and integrated a MySQL database.
- Collaborated with the development team to support daily cashier operations.

E-Agraryo Mercado Marketplace

Tech Stack: Laravel, PHP, MySQL, Bootstrap, HTML, CSS, JavaScript

- Contributed to the development of a web-based marketplace during on-the-job training (OJT).
- Assisted in implementing application features and improving the user interface.
- Collaborated with the development team using Git for version control.
- Participated in the project development until the completion of the OJT program.

Campus Network Design (Cisco Packet Tracer)

Technologies: Cisco Packet Tracer, VLAN, Routing, Switching

- Created a simulated campus network using Cisco Packet Tracer.
- Configured VLANs, routing, and basic network settings.
- Tested network connectivity and performed basic troubleshooting.
- Applied networking concepts learned through hands-on laboratory activities.

TECHNICAL SKILLS

- Basic knowledge of HTML5 and CSS3
- Familiar with Bootstrap for responsive web design
- Basic knowledge of PHP
- Familiar with Laravel Framework
- Basic knowledge of MySQL
- Familiar with Git & GitHub for version control
- Basic knowledge of JavaScript
- Familiar with WordPress
- Basic Network Configuration & Troubleshooting

SOFT SKILLS

- Willing to Learn
- Teamwork
- Time Management
- Communication
- Adaptability
- Team Collaboration

SEMINAR & TRAINING

12th Bicol Youth Congress in Information Technology

Camarines Sur Polytechnic Colleges - April 18 – 19, 2024
